Index MARCH–DECEMBER, 1970

Abused child, nurse and, Dec., 589–598. See also *Child, abused.*
Accidents, industrial, occupational health nurse and, Dec., 609–619. See also *Trauma.*
Acid-base balance, changes after cardiac surgery, Sept., 407
Administrator, hospital, role of, June, 321–328
  in hospital culture, June, 283
Administration, nursing, June, 277–357. See also *Director of Nursing.*
Air-fluidized bed, March, 181–187
Alcoholic patient
  nursing care of, in acute setting, March, 38
    in outpatient setting, March, 36
    in rehabilitation center, March, 39
    in state hospital, March, 38
  with long-term illness, March, 35–45
  with tuberculosis, nursing care of, March, 42
Alcoholism
  as mental health problem, March, 72
  as nursing problem, March, 35
Ambulatory patient
  care of, June, 195–275
    bibliography on, June, 269–275
  definition of, June, 195
  family health care for, June, 211–222
  high-risk, health maintenance service for, June 199–210
  teaching self-care to, June, 223–231
  with sensory defects, teaching techniques, Sept., 528
Amputations, as industrial accidents, Dec., 617
Anticonvulsant drugs, use in epilepsy, March, 19
Anus, inperforate, correction of, Sept., 388
Atresia of esophagus, surgical treatment of, Sept., 390
Audiologic examination, of infant, Sept., 510
Audiometry, cortical, in infant, Sept., 510
Autopsy, psychological, after suicide, Dec., 691

Babel, in hospital, June, 279–288
Bacteria-free nursing unit for burn patients, March, 140
Bancroft's filariasis, March, 160
Bartlett Unit, Peter Bent Brigham Hospital, March, 113–121
Battered child, nurse and, Dec., 589–598. See also *Child, abused.*
Bed, air-fluidized, March, 181–187
Bibliography on ambulatory patient services, June, 269–275
Black community, mental health program in, Dec., 647–655
Blindness, definition, Sept., 468
  patient teaching in, Sept., 532
Blood chemistry, normal values (table), June, 360–365
Blood gas changes after cardiac surgery, Sept., 407
Breakbone fever, March, 162
Brug's filariasis, March, 160
Burn wound sepsis, Dec., 568
Burned patient, nursing care of, Dec., 563–575. See also *Burns.*
Burns
  control of infection in, March, 133
    continuing nursing care for, March, 138
    immediate prophylaxis, March, 135
    isolation procedures for, March, 140
  depth of, March, 133
  dressings for, Dec., 571
  exposure treatment for, Dec., 569
  in children, March, 131–142
    causes of, March, 132
  in industrial employee, care of, Dec., 611
  local care of, Dec., 568
  major, care of, Dec., 565
    fluid replacement in, Dec., 566
    prevention of infection in, Dec., 567
  skin-grafting techniques for, Dec., 572
  topical therapy of, March, 137
  tubbing for, Dec., 572
  types of, Dec., 564
  use of topical antimicrobials for, Dec., 570

Calculi, renal, after injury, Dec., 554
Cancer, in child, Sept., 423
Cardiac attacks in industrial employees, Dec., 613
Cardiac surgery, in young child, Sept., 399–410
Carpeting, use in hospital, March, 108
CASH system, for staffing, June, 329–339
Catheterization of female patient, use of lateral position in, March, 189

Cerebrovascular accident
function disturbances due to, March, 48
initial nursing considerations, March, 50
long-term care, March, 51
pathology of, March, 48
patient with, March, 47–53
Chickenpox, care in, March, 153
Child (children)
abused, interviewing parents of, Dec., 594
investigating parents of, Dec., 589
nurse and, Dec., 589–598
and family, treatment in community mental health program, Dec., 677–686
burned, infection in, March, 131–142
dying, response to, Sept., 421–430
handicapped, rehabilitation of, Sept., 411–420
hospitalized, prevention of intercurrent infection in, March, 128
with infections, nursing care of, March, 123–129
open heart surgery in, postoperative care, Sept., 399–410
play program in hospital for, Sept., 431–441
understanding role of, Sept., 541–543
well, health services for, Sept., 443–448
with fever, nursing care of, March, 147
with sensory defect, preparation for hospitalization, Sept., 530
young, care of, Sept., 373–448
Cholesteatoma, surgery for, Sept., 502
Chronic illness, in high-risk patient, health maintenance service for, June 199–210
nursing in, March, 1–84. See also *Long-term illness.*
Classification of patients, staffing system based on, June, 329–339
Cleaning agents, for hospital housekeeping, choice of, March, 104
Colitis, ulcerative, personality in, March, 23–34
Colon, malrotation of, in newborn, Sept., 394
Commission for Administrative Services in Hospitals, staffing system of, June, 329–339
Communicable diseases, common, March, 143–155
prevention of, March, 143
Communication
in hospital, June, 279–288
with dying patient, March, 56
with hearing-impaired, Sept., 500
Community-action project, work of nurse in, June, 251–259
Community health nurse, private physician's office, June, 233–241
Community health services, for well child, Sept., 443–448
Community, infection control in, nurse's role in, March, 165–174
Community mental health
education of nurses for, theoretical basis, Dec., 699–712
extending role of psychiatric nurse in, Dec., 635–646
family therapy in, Dec., 677–686
in black community, Dec., 647–655
role of nurse, Dec., 650
in rural Vermont, nurse's role, Dec., 671
new careers in, Dec., 649
nurse in, Dec., 631–712
programs for, March, 65–76
genesis and aims of, Dec., 635
in rural Vermont, Dec., 669–712
vs. hospital treatment, March, 66
role of hospital staff in, Dec., 641
role of nurse in staff development for, Dec., 642
school as locus for services, Dec., 657–667
suicide prevention program, Dec., 687–697
team approach in, Dec., 648
varying views of, Dec., 637
Community mental health nursing, definition, Dec., 707
Community psychiatric nurse, definition of, Dec., 706
Congenital defects, care of newborn during surgery for, Sept., 389–397
Constipation, in immobilized trauma patient, Dec., 559
Contact lenses, care of, in injured patient, June, 367–368
Continuing education course in contemporary youth scene, June, 261–267
Contractures, after injury, Dec., 554
Corneal transplantation, Sept., 477–487
history of, Sept., 477
indications for, Sept., 478
operative technique, Sept., 480
postoperative care, Sept., 481
sources of tissue for, Sept., 478
types of grafts, Sept., 479
Cortical audiometry, in infant, Sept., 510

Deafness, care in, Sept., 497–515. See also *Hearing-impaired* and *Hearing loss.*
Death, fear of, in child, Sept., 426
Decubitus ulcers, after injury, Dec., 554
use of air bed in, March, 184
Dengue, March, 162
Depersonalization, after trauma, Dec., 578
Detoxification unit for alcoholic patient, March, 38

Diabetes mellitus, March, 3–12
as health problem, March, 4
causative factors, March, 4
nature of, March, 5
nurse's role in, March, 8
patient teaching in, March, 8
symptoms, March, 7
Diaphragmatic hernia, in newborn, surgical correction, Sept., 392
Diet, for patient with fever, March, 150
Diphtheria, care in, March, 153
Director of nursing
duties of, June, 291
planning and staffing problems of, June, 297–309
qualifications of, June, 289–296
relationships with supervisor and head nurse, June, 351–356
Disinfectant-detergents for hospital cleaning, methods of testing, March, 104
Drug addiction, community approach to, March, 73
Dust removal, in hospital, techniques for, March, 103
Dying child, response to, Sept., 421–430
Dying patient, communication and confort for, March, 55–63
physical comfort for, March, 60

Ear(s)
care of, in fever, March, 152
defects of. See *Hearing-impaired.*
surgery of, Sept., 502
postoperative care, Sept., 504
preoperative care, Sept., 503
Education, of psychiatric-mental health nurse, theoretical basis for, Dec., 699–712
Elastic stockings, use after immobilization, Dec., 558
Elderly patient, mental illness in, community approach to, March, 74
Embolism, pulmonary, in immobilized trauma patient, Dec., 552
Emergency, definition, Dec., 599, 600
Emergency nursing care, Dec., 599–607
Emergency room
barriers to care in, Dec., 601
communication in, Dec., 603
dying patient in, Dec., 601
health care needs in, June, 243–249
nursing care in, Dec., 599–607
personnel of, Dec., 600
"problem" patients in, Dec., 602
Emotional reactions to trauma, Dec., 577–587
nursing therapy of, Dec., 579, 582, 584, 587
Environmental deprivation, concept of, Sept., 453–465
Epidemiologist, nurse, role of, March, 89–98. See also *Infection control nurse.*
Epilepsy, March, 13–22
history of, March, 13
meaning of, to nurse, March, 17
to patient, March, 15
to public, March, 14
nature of, March, 18
nursing care in, March, 20
treatment, March, 19
types of seizures, March, 18
Erythroblastosis fetalis, nursing care in, Sept., 380
Esophageal speech, teaching, Sept., 535
Esophagus, atresia of, surgical treatment of, Sept., 390
Exercise, for immobilized trauma patient, Dec., 559
Eye(s)
administration of medications in, Sept., 493
care of, in fever, March, 152
diseases of, nursing in, Sept., 467–496
donation of, legal aspects of, Sept., 484
procedure for enucleation, Sept., 386
surgery of, for glaucoma, Sept., 491–496
patient teaching following, Sept., 533
Eye, ear, nose, and throat diseases, nursing in, Sept., 449–538
Eye bank, Sept., 483–488

Family
adjustment to illness by, March, 77
of emergency patients, needs of, June, 245
of injured patient, reactions of, Dec., 579, 581, 584, 586
of patient with long-term illness, March, 77–84
role of nurse with, March, 79
Family counsellor, collaborative role in family health care, June, 213
Family health care, interdisciplinary collaboration in, June, 211–222
Family therapy, as part of community mental health program, Dec., 640, 677–686
Fenestration operation, Sept., 503
Fever, patient with
care of eyes, ears, nose and mouth, March, 151
diet for, March, 150
nursing care, March, 147
skin care for, March, 151
Filariasis, March, 159–161
drug treatment, March, 161
types of (table), March, 160
Floors, hospital, techniques for cleaning, March, 103

Fluid, replacement of, in burns, Dec., 566
Fractures, as industrial accidents, Dec., 616
Furazolium, for burn dressings, Dec., 571

Garamycin, for burn dressings, Dec., 571
Gastrointestinal tract, effect of immobilization on, Dec., 555
Gentamicin, for burn dressings, Dec., 571
Glaucoma, Sept., 489–496
  home care of, Sept., 495
  nature of, Sept., 489
  patient teaching in, Sept., 529
  surgery for, nursing care in, Sept., 491–496
  therapy of, Sept., 490
  types of, Sept., 489, 490
Grafting, corneal, Sept., 477–487. See also *Corneal transplantation.*
Grafting techniques for burn wounds, Dec., 572
Group dynamics, curriculum in, Dec., 707
Group therapy, in school mental health program, Dec., 665

Handicapped child, rehabilitation of, Sept., 411–420
Hard-of-hearing, care of, Sept., 497–515. See also *Hearing-impaired.*
Head nurse, relationships with director of nursing and supervisor, June, 351–356
Health care needs, in emergency clinic, June, 243–249
Health maintenance service for high-risk chronically ill, June, 199–210
Hearing aids, use of, Sept., 501
Hearing-impaired
  care of, Sept., 497–515
  communication with, Sept., 500
  understanding, Sept., 497
Hearing loss
  causes of, Sept., 508
  congenital, Sept., 508
  detection of, Sept., 498
  in infant, Sept., 507–515
    early diagnosis, Sept., 509
    rehabilitation in, Sept., 512
  patient teaching in, Sept., 534
  testing for, Sept., 499
  types of, Sept., 498, 508
Heart attacks in industrial employees, Dec., 613
Heart surgery, in young child, Sept., 399–410
Hernia, diaphragmatic, in newborn, surgical correction, Sept., 392
Hospital, communication in, June, 279–288
    design for, March, 110
  noise in, effect on patient, Dec., 715–724
  play program in, Sept., 431–441
Hospital *(Continued)*
  scientific housekeeping in, March, 99–112
Hospital administrator, role of, June, 321–328
  in hospital culture, June, 283
Hospital infection, role of infection control nurse in, March, 89–98. See also *Infection.*
Hospital sanitation, need for department of, March, 100
Hospital staff, role in community mental health, Dec., 641
Housekeeping, scientific, in hospital, March, 99–112
    program for, March, 109
    techniques for, March, 102

Immobilization
  chronic problems due to, Dec., 553
  nursing therapy of effects of, Dec., 556
  problems of, Dec., 551
Immune serum, table of preparations, March, 146
Immunity, types of, March, 144
Immunization
  program for, March, 144
  substances used for, March, 145
  table of preparations for, March, 146
Industrial nurse, infection control responsibilities of, March, 171
  trauma patient and, Dec., 609–619
Industrial trauma. See *Trauma, industrial.*
Infant
  care of, Sept., 373–397
  hearing-impaired, Sept., 507–515
    early diagnosis of, Sept., 509
    education of, Sept., 513
    rehabilitation, Sept., 512
  high-risk, in ICU, Sept., 375–386
  hospitalized, with infection, care of, March, 123
  newborn. See *Newborn.*
Infection(s)
  in burned children, March, 131–142
  in hospitalized child, nursing care in, March, 123–129
  intercurrent, in hospitalized children, prevention of, March, 128
  nurse and, March, 85–177
  prevention of, in burns, Dec., 567
Infection control in community, nurse's role in, March, 165–174
Infection control manual, prepared by National Communicable Disease Center, March, 175–177
Infection control unit, specialized, March, 113–121
    design of, March, 113
    nursing care in, March, 117
    organization of, March, 116

Infection control nurse, role of, March, 89–98
personnel education, March, 95
surveillance functions, March, 91
Injuries, care of contact lenses in, June, 367–368
patient with, Dec., 549–630. See also *Trauma*.
Inservice education, goals of, June, 342–349
relation to nursing service, June, 342
Instructor, nursing, role in infection control, March, 172
Intensive care unit
care of child in, after open heart surgery, Sept., 402
neonatal, Sept., 375–386
Interdisciplinary collaboration, in family health care, June, 211–222
in health maintenance for chronically ill, June, 199–210
Intestinal obstruction in newborn, Sept., 394
Isolation manual, prepared by National Communicable Disease Center, March, 175–177
Isolation procedures for burned children, March, 140

Keratoplasty, penetrating, operative technique, Sept., 480

Laboratory tests, blood chemistry, normal values (table), June, 360–365
Laryngectomy
care in, Sept., 517–525
postanesthesia, Sept., 520
postoperative, Sept., 521
preoperative, Sept., 518, 519
patient teaching after, Sept., 535
psychologic problems after, Sept., 522
Legal aspects of transfer of medical to nursing functions, June, 311–319
Leishmaniasis, March, 162
nursing care in, March, 163
Lenses, contact, care of, in injured patient, June, 367–368
Loiasis, March, 161
Long-term illness, family of patient with, March, 77–84
in alcoholic patient, March, 35–45
in high-risk patient, health maintenance service for, June, 199–210
mental, in community, March, 65–76
nursing in, March, 1–84

Malaria, March, 157–159
chemotherapy of (table), March, 159
nursing care, March, 159
parasites causing (table), March, 158
Malpractice, nursing, definitions, June, 317
Mastoidectomy, Sept., 502
Mastoiditis, surgery for, Sept., 502
Meconium ileus, in newborn, Sept., 395
Medicine, unauthorized practice of, June, 318
Megacolon, aganglionic, in newborn, Sept., 395
Mental health consultant, role in community-action project, June, 251–259
Mental health programs, in community, nurse in, Dec., 631–712. See also *Community mental health*.
Mental illness, community programs for care of, March, 65–76
Mental retardation, responsibility of nurse toward, Sept., 418
Mothering, teaching art of, to parent of abused child, Dec., 595
Mouth, care of, in patient with fever, March, 151
Mumps, care in, March, 153
Musculoskeletal system, effects of immobilization on, Dec., 553
Mustard procedure for transposition of great vessels, Sept., 401
Myelomeningocele, child with, rehabilitation of, Sept., 414–418
Myringoplasty, Sept., 503
Myringotomy, Sept., 502

National Communicable Disease Center, isolation manual prepared by, March, 175–177
Negligence, nursing, legal aspects of, June, 315
Nervous system, effect of immobilization on, Dec., 555
Newborn
atresia of esophagus in, Sept., 390
care in ICU, Sept., 375–386
congenital defects in, care during surgery for, Sept., 387–397
diaphragmatic hernia in, Sept., 392
erythroblastosis fetalis in, Sept., 380
imperforate anus in, Sept., 388
intestinal obstruction in, Sept., 394
omphalocele in, Sept., 393
respiratory distress syndrome in, Sept., 378
Noise
in hospital, effect on patient, Dec., 715–724
measurement of, Dec., 717
nursing measures to prevent, Dec., 723
physiologic effects of, Dec., 715
Northeast Kingdom, of Vermont, mental health nursing service in, Dec., 669–712
Nose, care of, in fever, March, 152
Nosocomial infection. See *Hospital infection*.
